## 6. ACCIDENTAL RELEASE MEASURES

**Emergency Procedures** Spillages may be slippery. Avoid accidents, clean-up immediately. Wear appropriate personal protective equipment and clothing to minimise exposure. Increase ventilation. Evacuate all unprotected personnel. If possible contain the spill. Place inert absorbent, non-combustible material onto spillage. Use clean non-sparking tools to collect the material and place into suitable labelled containers for the subsequent recycling or disposal. Dispose of waste according to the applicable local and national regulations. If contamination of sewers or waterways occurs inform the local water authorities and EPA in accordance with local regulations.
