How to get it.

ENVIROSHIELD - 21ST CENTURY TECHNOLOGY PAINT FINISH

Enviroshield provides the ultimate in vehicle protection. Enviroshield's enhanced formula delivers outstanding protection, gloss and shine.

- Protects against harmful UV which can cause discolouration, fading and oxidization.
- Outstanding stain resistance against bird droppings and tree sap.
- Durable long-lasting finish.
- Eliminates the need to wax and polish – saving time and money!
- Easy-clean non-stick surface makes washing easier.
- Backed by MotorOne's Nationwide Warranty* for added peace of mind.

And how to keep that long lasting shine?

For a lasting shine and to keep your car looking great, simply wash regularly with Enviroshield Wash Renewer Concentrate – available from your MotorOne dealer.

PROTECTING THE INTERIOR - ADVANCED INVISIBLE PROTECTIVE BARRIER

Help protect and preserve your vehicle with MotorOne – the total solution to interior protection.

FABRIC AND CARPET PROTECTION

- Provides a strong and effective barrier against permanent stains from common food and drink spills
- Not just a surface spray – seals and coats fibres for lasting protection.
- Low maintenance, easy-clean surface saves time and money!
- Backed by MotorOne's Nationwide Warranty* for added peace of mind.

VINYL AND LEATHER PROTECTION

- Seals vinyl and leather locking in moisture and preventing surface dehydration.
- Protects against damaging UV rays which can cause cracking and splitting.
- Lasting low sheen finish.
- Low maintenance – just a damp cloth to remove dust.
- Suitable for all vinyl and leather surfaces.
- Backed by MotorOne's Nationwide Warranty* for added peace of mind.

RUSTPROOFING - PROTECTION

MotorOne's wax-based formula provides the ultimate protection against perforation rust. This self-healing formula seals out air, moisture, and salt.

- Neutralizes any existing rust.
- Unparalleled protection against perforation rust – applied inside door cavities, sills, boot and around tail and headlight mountings.
- Penetrates welds and seams - total underbody protection provides total peace of mind!
- Thixotropic formula self-heals minor scrapes and scratches on the treated surface.
- conforms to Australian Standards (rust prevention)
- MotorOne Nationwide Warranty for added peace of mind**

** MotorOne Rust Proofing requires an annual inspection as described in the maintenance schedule.
Please contact MotorOne or your selling dealer. Some fees may apply.

UNDERBODY - SOUND DEADENER

If you want to create a quieter driving experience, MotorOne's Underbody Sound Deadener is the solution. For best results, we recommend using in conjunction with MotorOne Rust Proofing for the ultimate in road noise reduction.

- Rubber-based compound that provides a thick protective coating on the underbody and inside wheel wells/arches.
- Thixotropic formula self-heals minor scrapes and scratches on the treated surface.
- Helps insulate and protect the underbody of the vehicle.
- Reduces road noise for a quieter driving experience.
- MotorOne Nationwide Warranty for added peace of mind***

*** MotorOne Sound Deadener requires an annual inspection as described in the maintenance schedule.
