

Delivering outstanding resistance to the harsh Australian climate.

With over 300 hours of testing against extreme weather conditions.

Vehicle Protection that's **guaranteed to outperform & outlast.**

HYDRO⁺
VEHICLE PROTECTION **AT ITS BEST**

The latest generation HYDRO+ Ceramic Paint Protection delivers a thicker protective surface layer, which provides extended durability and superior gloss.

A new next generation formula

Using the latest coating technologies, HYDRO+ provides advanced durability and extra protection for your vehicle's exterior coating.

Extreme durability testing for over 300 hours

With over 300 hours of successful testing against extreme weather conditions, HYDRO+ is guaranteed to outperform and outlast.

Break-Through Technology

A ceramic-carbide formula that soaks through the clearcoat and chemically bonds to your vehicle's paintwork, delivering outstanding protection.

Check out the video!

New formula. Unreal performance.

Outstanding resistance inside & out.

HYDRO⁺
VEHICLE PROTECTION AT ITS BEST

The HYDRO+ new ceramic-carbide formula provides a smoother touch, a greater level of gloss and the highest performance for your vehicle.

Verified by advanced testing.

We have thoroughly tested across extreme conditions to develop a top performing formula.

Statistics

-  300 hours of **Extreme Weather** testing
-  100 hours of **Accelerated UVB** testing
-  168 hours of **Salt Spray Corrosion** testing[^]
-  168 hours of **Chemical Deterioration** testing^{*}

[^] Tested for rust defence
^{*} Ethanol, NaOH, H_2SO_4

Helps protect against

weather induced oxidization, fading and discolouration of paintwork.

Helps prevent damage caused by

bird and bat droppings, tree sap and fallen leaves, bug splatter on leading edges, permanent water marks and discolouration damage caused by bore water, rail dust and sunscreen residue.

Effortlessly cleans away dirt & grime

with water beading and contaminants simply sliding off the paintwork.

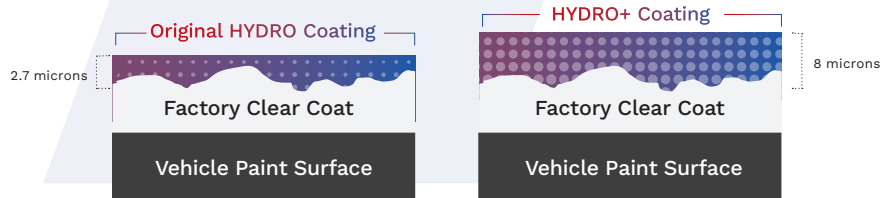

No waxing or polishing required

keeping vehicle exterior maintenance at a minimum.

Covered by a limited lifetime warranty*

Now double the thickness.

HYDRO has been developed from a 2.7 micron thickness, to now an **incredible 8 microns**, which is almost double the thickness of most other coatings.

Interior Protection

Better than ever before.

- Creates outstanding stain resistance to common food and drink spills including; coffee, milk, juice and baby formula, as well as makeup and sunscreen.
- Seals surfaces creating an easy-clean low maintenance finish
- Helps prevent cracking and splitting of leather and vinyl surfaces
- Prevents UV induced discolouration and colour fading of all treated surfaces
- Environmentally friendly water-based formula. Contains no harmful solvents.
- Requires no re-application or annual inspections
- Covered by a limited lifetime warranty*

* Warranty terms, conditions & exclusions apply.
