

Film Slip G New

5 L

Directions:

Cleaning Solution:

Mix 30ml to 1 L of clean water. Ensure glass is rinsed with clean water after using cleaning solution. Do NOT use this cleaning solution as the slip agent/mounting solution.

Slip Agent/Mounting Solution:

Mix 2.5ml (1/2 tsp) into 1L of distilled water. If more slip is required on extra hot days, increase to 5ml/L but do not exceed this amount.

First Aid: IF INHALED, remove affected person from contaminated area. Keep at rest until recovered. If symptoms develop and/or persist seek medical attention. **IF SWALLOWED**, do not induce vomiting. Wash out mouth thoroughly with water. Seek immediate medical attention.

IF ON SKIN, wash affected area thoroughly with soap and water. If symptoms develop seek medical attention. **IF IN EYES**, hold eyelids apart and flush the eyes continuously with running water. Remove contact lenses. Continue flushing for several minutes until all contaminants are washed out completely. Seek medical attention.

FOR ADVICE IN AN EMERGENCY, CONTACT A POISONS INFORMATION CENTRE (PHONE: AUSTRALIA 131 126; NEW ZEALAND 0800 764 766) OR A DOCTOR AT ONCE.

Spillage: Do not allow to enter drains, waterways and sewers. Mop up with cloth or sand and dispose accordingly.
